CLIPPER YEARBOOK DEDICATION 1998

This year, Program Council and the Clipper earbook Staff would like to dedicate the yearook to Bruce Perry, Director of Campus Cen:r Programs and Services at Salem State Col:ge. Bruce has been a member of the Salem tate College community for seven years, and ıroughout that time, he has had a very posive and significant impact on campus.

Bruce began his career in the field of Student ffairs as a Residence Hall Director and then ıoved up to a position as Assistant Director of tudent Activities first t Rider College and hen at Merrimack ollege. Later he went n to become the Di:ctor of Campus Ac vities at Bradford ollege, where he orked until he came Salem State.

Bruce has made nuıerous contributions o the college. We ave felt his influence ıost strongly as a reult of all of the time e devotes to helping tudent groups. He as consistently been n active supporter of ll of the groups and lubs on campus; and in particular, he has ded:ated significant amounts of time to assist ome of the larger groups with programming, ıcluding, Program Council, WMWM, the Afrian-American Student Association, Hispanic ımerican Society, and the Women's Center.)ver the years, Bruce has been instrumental in elping students to plan programs for Wom-n's History Month, Afrikan-American History Month, and Hispanic Heritage Month, as well as a host of other events.

Bruce's positive impact on campus is certainly not limited to the students. His contributions extend to the entire college community. It is Bruce who is responsible for putting out the Calendar of Events every semester to keep everyone informed of the diverse events that take place each week on campus. In addition, Bruce plays a major role in planning many of those events. While we cannot possibly name all of the programs he has initiated, we would like to commend him for creating excellent programming including Sexual Assault Prevention Week, Peace and Social Justice Week, Last Lecture Series, and the Salem State Drinkout.

Bruce's dedication to the campus community is best illustrated when he is called upon by others to help out. Whenever anyone asks Bruce for assistance, he is always there with suggestions or solutions, and he gives 110% of his time and energy. Students and staff alike know that when they ask Bruce for help with a project, he is always willing, no matter how busy he is.

In recognition of his outstanding efforts and strong commitment to the Salem State College community, we would like to dedicate the 1998 Clipper Yearbook to Bruce Perry.

She is a two-time MVP choice and a two-time All-MASCAC selection. **This year's volleyball MVP is Julie Gavin from Walpole.**

Women's Cross Country - This two-year performer led her team to a second place finish at the MASCAC championships and placed first at the Babson Invitational. She is a member of the national honor society. **This year's women's cross country MVP is junior Christine Hooper from Tewksbury.**

Men's Cross Country - This first-year performer proved to be the heart and soul of the team. A prime example of his loyalty to the team occurred last fall when competing at the Southern Maine meet - at which six inches of snow fell - he had one of his spiked shoes pulled off after an opponent stepped on his heel just after the races' crowded start. He continued over the four and a half mile course with just one shoe and completed the race in order to keep his team in the running for the meet title. **This year's men's cross country MVP is Daniel Smith from Greenfield.**

Women's Soccer - A two-time All-MASCAC first team performer, this defensive player gives an all-out effort all the time. She has also been a member of the college's swimming and track programs. **This year's women's soccer MVP is junior Donna DaSilva from Andover.**

Men's Soccer - This four-year performer rewrote the SSC record books for goalkeeping. A three-time All-MASCAC selection, he posted career records for shutouts (36), victories (52), goals against average (0.63) and games played (65). **This year's men's soccer MVP is senior Peter LeVasseur from Salem.**

Women's Tennis - This four-year performer played at the number four singles postion and number one doubles slot for SSC last fall in helping lead the team to a winning 6-4 record. Over the course of her college career, this individual displayed a consistent game and filled whatever position the coach asked her to. **This year's women's tennis MVP is Celeste McCain from Whitinsville.**

Field Hockey - This performer served as a tri-captain on this year's team. A spirited individual, her hustling, agressive style of play was an inspiration to her teammates and coaches. **This year's field hockey MVP is Jen Scally from Stoneham.**

A Commitment to Excellence in Athletics

Richard B. O'Keefe Sports Complex

The Salem State College intercollegiate athletic program operates out of the Richard B. O'Keefe Complex, regarded as one of the finest facilities among the Massachusetts State Colleges. The multi-purpose facility features the 2,800 seat Richard H. Rockett Ice Arena, a 1,600 seat gymnasium with an all-purpose floor, an eight lane swimming pool, four tennis courts, racquetball and squash courts, a baseball/softball indoor hitting cage, a fully equipped fitness center, a dance studio and gymnastics apparatus room. The facility also houses the athletic director's office, the athletic training/sports medicine office, the sports information office, the athletic equipment storage room, four classrooms and the faculty offices for the College's Sports, Fitness & Leisure Studies major. The facility is open year round to Salem State students, faculty/staff, administrators, employees and alumni. Family and individual memberships are offered to the general public during the summer months.

A fully enclosed, natural grass surface field located next to the O'Keefe Complex is the home site for all SSC soccer and field hockey matches. The field was recently upgraded with a newly installed mercury vapor lighting system and electric scoreboard. The field's seating capacity was also enlarged for the installation of new bleachers.

The Wellness Center at Salem State

The Salem State College Wellness Center - located inside the Richard O'Keefe Sports Complex - is in its second year of operation. The center, which offers state-of-the-art cardiovascular machines and strength training devices, is widely used and very popular among SSC students, faculty, staff and administrators.

The SSC community takes full advantage of the hi-tech training facility which opened its doors in march of 1996. The center is located above the building's main entrance on the second floor of the O'Keefe Complex. The center's flexible hours (7:00 am to 8:00 pm, Monday through Friday, and noon to 4:00 pm on the weekend) help the membership fit routine workouts into their busy schedules. Call (978) 542-6551 for additional information.

Athletic Eligibility

To be eligible to participate in an intercollegiate athletic program at the College you must carry a minimum of 12 credit hours per semester, must pass a minimum of 24 credit hours per year and must be in good academic standing and making reasonable progress toward a degree. Whenever a student athlete fails to pass a minimum of 24 credit hours per year, a transcript review will be conducted in conjunction with the Academic Affairs Office to insure that they are making normal progress toward a degree.

Academic Support Services

Student athletes may choose any or all of the many academic support services available to them. Offered services include study skills workshops, tutoring, specialized labs in mathematics, reading, writing computers and individual planning sessions. The athletic department is committed to success in the classroom.

Varsity Club

The SSC Varsity Club is a Division of the Alumni Association. It is made up of former Viking varsity athletes, coaches, alumni, parents and other friends of the College community whose goal is to support intercollegiate athletics at Salem State College and to undertake projects which would recognize the contribution of athletes and athletics to the overall educational process.

The Club hosts the annual Athletic Awards Banquet, honoring all senior athletes and the President's Cup Award citing the top male and female athletes at the College. The Club also publishes a quarterly newsletter, plans events for Homecoming Weekend, conducts a popular Alumni Golf Outing, and stages successful alumni ice hockey and basketball games. Upon graduation from the College, varsity athletes are given automatic membership into the Varsity Club and encouraged to participate in the many events which the Club plans and sponsors throughout the year. The Club's Board of Directors meet on a regular basis to plan events, discuss proposals and listen to new ideas. For further information or to become a member of the Club call the Alumni House at (978) 542-6000, extension 6605.

Howard C. Smith Cup

The Howard C. Smith Cup is named in honor of former Massachusetts State College Trustee Smith, who in 1970, urged the athletic directors of the eight State Colleges to hold a series of meetings to discuss the possibility of forming an intercollegiate athletic conference. In June of 1971 an affirmative agreement was reached and the Massachusetts State College Athletic Conference became a reality.

During the MASCAC's first year of existence, the eight member Colleges voted to award a Cup annually to the one institution which excelled in the league's eight championship sports. Thus, the Howard C. Smith Cup was established.

The Salem State intercollegiate athletic program has been crowned Smith Cup Champions 18 times during the MASCAC's 27-year history which includes two stretches of winning the Cup seven straight years (1987-94 & 1978-85). The Smith Cup is awarded to the MASCAC institution which compiles the most points based on the placement of each of its programs competing in the 14 league championships.

MASCAC Athletes Compete For 14 Championships

The Massachusetts State College Athletic Conference (MASCAC) was formed in 1971 for the primary purpose to provide a uniform program of intercollegiate athletics for all eight State Colleges.

The objective underlying this purpose was to create a healthy atmosphere of competition and rivalry between the Colleges and their student bodies while fostering the values of cooperation, leadership, courage, self-discipline, and self-reliance among the participating athletes.

The MASCAC

The Massachusetts State College Athletic Conference is the oldest Division 3 men's and women's intercollegiate league in the nation.

Men's championships have taken place since 1972 and women's championships started in 1976. The MASCAC has evolved into a highly competitive league which annually has many of its men's and women's teams selected to regional and national postseason tournaments.

Athletic Programs

Baseball

The Vikings won the MASCAC crown outright in 1994 for the first time since 1973 and made their second ever NCAA tournament appearance in 1994. Head coach Ken Perrone, now in his 17th year, notched his 350th career win in 1997 and has led SSC to 12 postseason tournaments since 1983. SSC won the 1987 ECAC-New England title and was a finalist in 1992 and defeated the No.1 seed in 1998. The Vikings, who begin their season in St. Petersburg, Florida each March, have produced an average 24 wins a season since Perrone took over in 1983 when the program made its first ever NCAA playoff appearance.

Men's Basketball

The Viking cagers have been selected for NCAA tournament play thirteen times since their first appearance in 1980. Second year head coach Brian Meehan guided SSC to a 25-3 record, the program's eleventh MASCAC title and the NCAA playoffs last season. SSC men's basketball's success can be traced back to the 1930's when SSC was the Salem Normal School. The Vikings have enjoyed rewarding seasons on the hardwood since the program's start with the best single-season record of 27-1 occurring in 1966-67. The winning tradition carried on into the 1970's and continued into the 1980's with three consecutive national tournament appearances. During the early 1990's SSC posted back-to-back visits to the NCAA Sweet 16 and a 26-2 record in 1990-91.

Women's Basketball

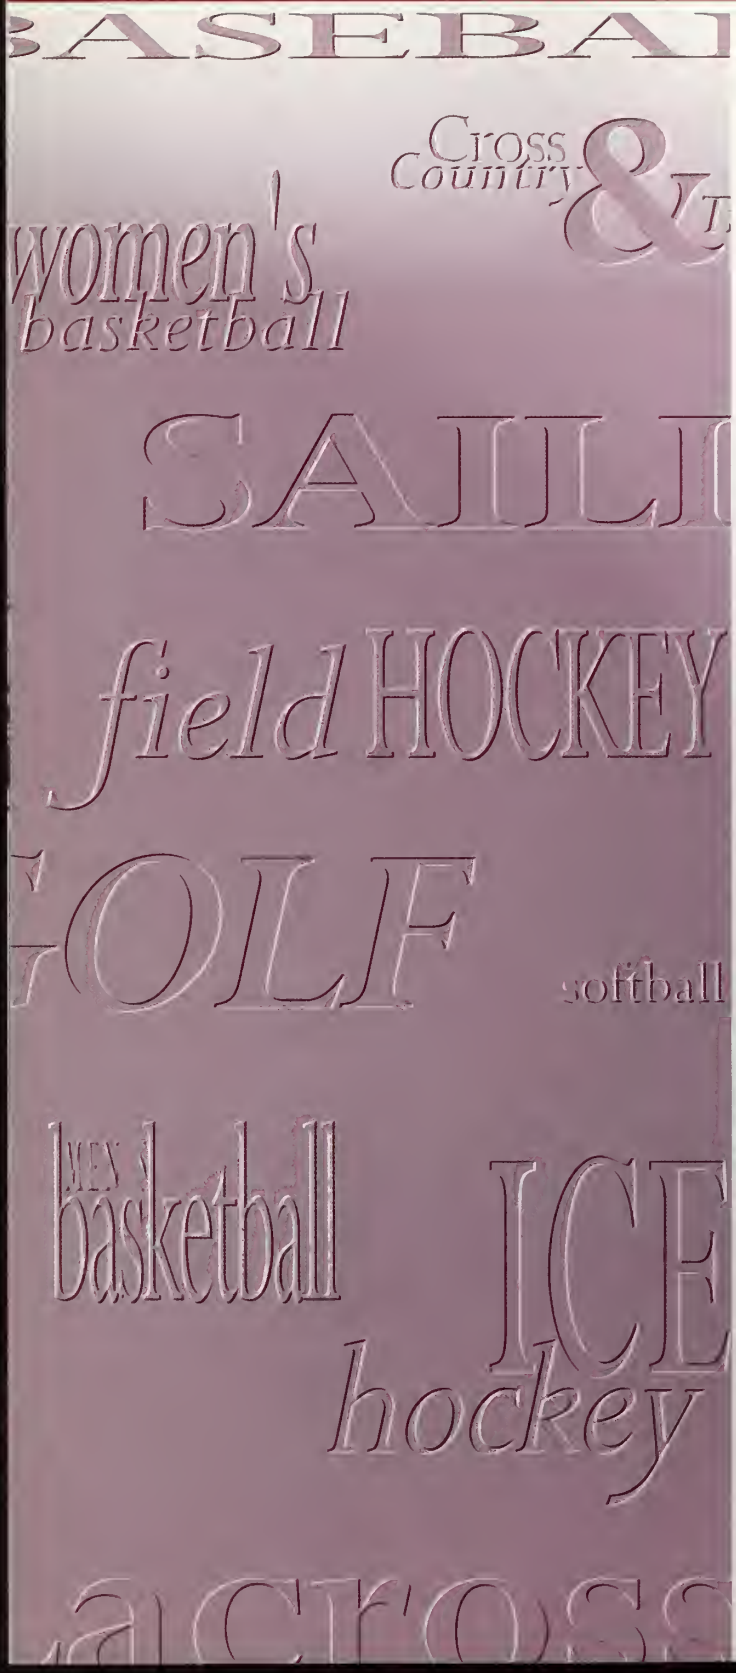
Architect of one of the nation's winningest programs, 17th year head coach Tim Shea has guided SSC to league, regional and national titles. The program has been selected to fifteen straight postseason tournaments - fourteen of which were NCAA - while capturing three consecutive New England crowns (1984-86), thirteen straight MASCAC league championships and the 1986 Division III national title. The Lady Vikings, who have captured fourteen MASCAC crowns since 1981, have gone 395-89 (201-16 in the MASCAC) since Shea's arrival. SSC made its third ever NCAA Final Four appearance in 1995.

Cross Country & Track

Tom Derderian, an Olympic marathon qualifier in 1972 and 1976, is in his fifth year as head coach of the men's programs while former SSC All-American Julie Goodwin is in her second season as head of the women's programs. Derderian, who won many New England titles in distances from 10K to marathon in the '70's, is well known throughout the running world. Derderian has been a major contributor to the world-wide running establishment through his writing of a pair of books about the Boston Marathon and his designing of apparel and shoes in the corporate world. Goodwin, a former NCAA long jump champion and two-time All- American, is a high energy individual who has worked hard to increase the program's participation numbers.

Field Hockey

The lady sticksters, under first year head coach Kathy O'Leary, will strive to challenge for the MASCAC title and eye a return to the postseason glory days the program experienced during the 1980's. The program - which won the 1985 ECAC title, enjoyed much success in the 1980's while being chosen for NCAA tournament play seven times from 1982 to 1989. SSC has captured eight league crowns since the league was formed in 1976. SSC posted back-to-back seven win seasons in 1994 and 1995. Optimism abounds for O'Leary and the Lady Vikings.



Golf

The Viking golf program has been one of the most successful intercollegiate programs in the nation over the past 30 years making it an amazing 29 times and second year coach Brian Meehan has continued the unprecedented success. It has been over the past quarter of a century that SSC golf has blazed a trail few have followed.

Every year since 1969 SSC has been chosen to represent the Northeast Region at the NCAA Golf Championships. In addition to making twelve top ten finishes at the nationals, SSC golf has captured numerous invitational tournaments and a slew of regional titles. In 1993 SSC tied Division 1 Hartford for first at the all-divisions New England Championships which included a field of 48 colleges. In the springs of 1995 and 1996 SSC captured the prestigious Massachusetts Intercollegiate Championships.

Ice Hockey

Bill O'Neill, head coach since 1981, led SSC to back-to-back ECAC East Tournament titles in 1994 and 1995 and the NCAA Division 3 Final Four twice since 1992. The winningest program among New England college division ice hockey playing institutions, SSC has experienced just one losing season since it attained varsity status in 1961.

The program's 37-year record entering the 1998-99 season stood at 595 wins, 291 losses and 27 ties for a .666 winning percentage. The 1994-95 ice edition defended its ECAC East playoff crown en route to the program's seventh NCAA tournament appearance. The Viking pucksters, winners of 24 MASCAC titles, have been selected to ECAC post-season tournament play 25 of the past 26 years. SSC also represented the college at the NCAA Final Four in 1979 and the 1969 NAIA Championships.

Lacrosse

SSC's newest program played its second season at the NCAA Division 3 level in the spring of 1997. Head coach Jim Logan brings a wealth of experience and knowledge of the sport to the college. A former all-league performer for perennial lacrosse power-house Hobart, Logan has successfully coached and marketed the sport at the professional and collegiate

level for the past 22 years. SSC graduate Mark Rowell, who as a senior attackman netted a team-leading 34 goals, is credited with starting the club program which enjoyed two successful seasons.

Sailing

Second-year sailing master Greg Dolan brings a refreshing attitude and hopes to put together a competitive group of sailors who will enjoy success against nationally established programs. Now in its thirteeth year at the varsity level, the SSC sailing program has developed a consistency which has placed the Vikings among the top five finishers in many of the region's regattas which feature colleges from all divisions. Alumni John Hufnagle, who sailed on America's Cup Defense, got his start while performing for the SSC sailing team.

Men's Soccer

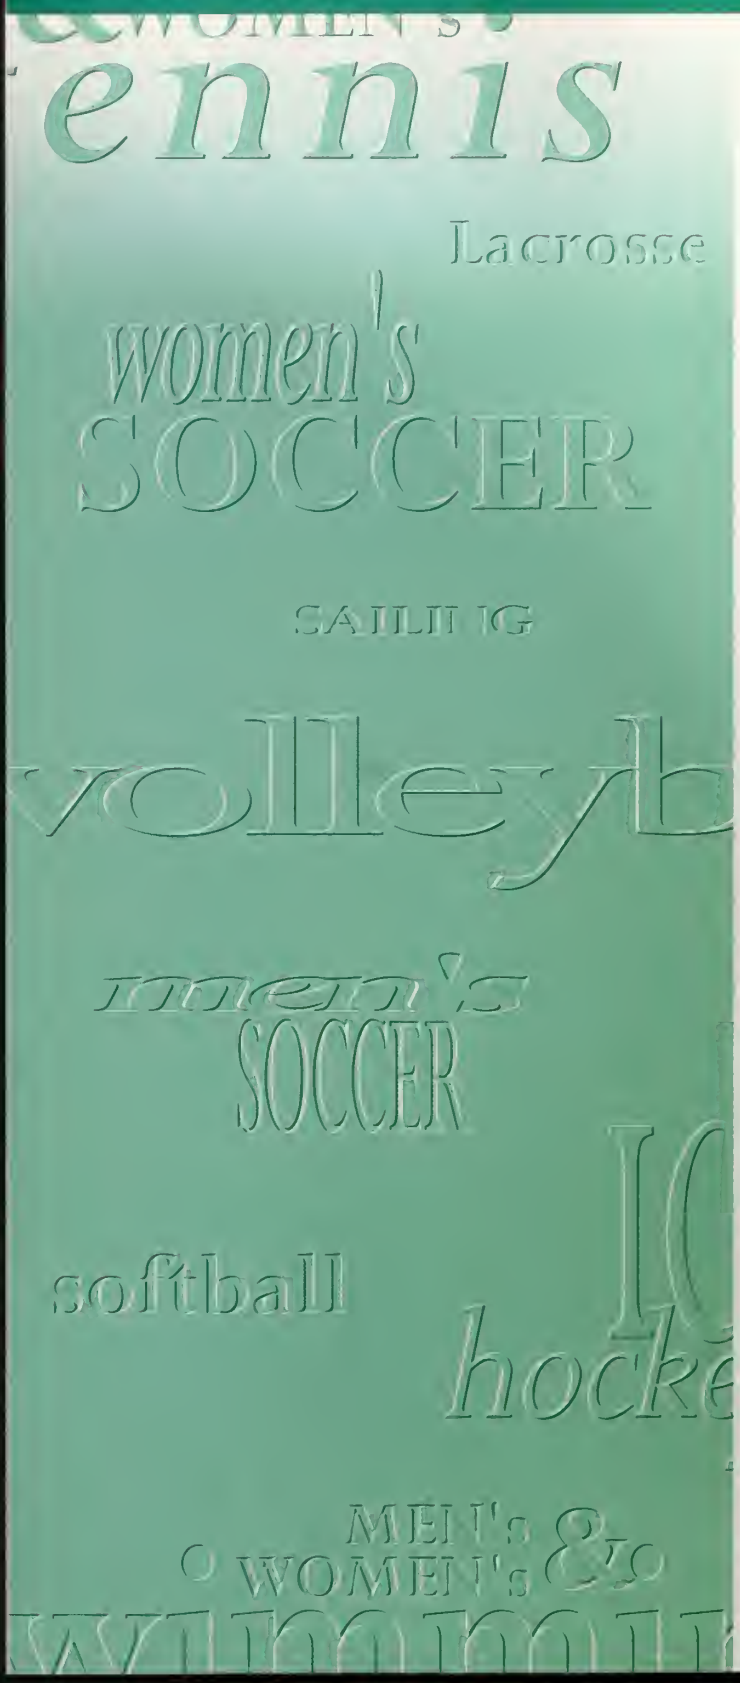
Nineteeth year head coach Nicholas Padovani has directed one of the nation's most successful programs since taking over in 1980. The Vikings have been selected to the NCAA tournament eleven times, captured four NCAA New England titles, an ECAC crown and eleven MASCAC league championships since Padovani's arrival. SSC - which advanced to the national Final Four in 1987, 1988, and 1990 - posted the second best winning percentage for all three NCAA divisions during the 1980's. The Vikings went 150-26-22 for a 81.31 winning percentage during that decade. Since the start of the 1990 season SSC has won 120 matches while losing only 25.

Women's Soccer

Third year head coach Alvaro Ibanez, a former SSC three-time All-American, led the Lady Vikings to the MAIAW State title last fall and the MASCAC championship in his rookie campaign. The program was selected to postseason tournament play seven straight years (1986-1993) following the program's birth in 1986. SSC appeared in six consecutive NCAA regional tournaments before being chosen for the ECAC playoffs in 1993. The Lady Vikings advanced to the NCAA regional title match in 1990. SSC has captured the MASCAC title six times since the league first started play in 1987.

Softball

Twelveth year head coach Kathy O'Leary has successfully rebuilt a program which was selected to the NCAA tournament twice in the 1980's. O'Leary's teams, who captured the 1991 and 1993 ECAC North tournament crowns - have averaged 18 wins a season since 1988 in addition to making six ECAC playoff appearances. SSC captured its three MASCAC titles in the 1980's and was second in 1994 to Bridgewater who went on to finish as national runner-up. The Lady Vikings - who have appeared in postseason tournament play eight times since 1980 - won an MAIAW State championship in 1980 and their first ECAC crown in 1984.



Men's & Women's Swimming

The Viking swimmers, under the guidance of rookie mentor Dan Warner, hope to continue to improve and build for the future. The O'Keefe Pool records have been rewritten on an annual basis since the women's program gained varsity status in the mid-1970's. The program's participation numbers have also increased significantly.

The men's program, which enjoyed the finest year in the program's history in 1994-95, has improved each year since becoming a varsity sport in 1990. Both programs have been represented at the ECAC and New England Championships after qualifying by facing many of the top colleges in the region during regular season meets.

Men's & Women's Tennis

Head coach Grant Longley - now in his 29th year - directs both the men's and women's programs. The men's program competes during the spring while the women play in the fall. The 1998 spring season was a successful one for the men's program as it captured the "mythical" MASCAC title. Longley guided the men's program to the 1976 and 1977 NCAA championships where they placed fifth and seventh, respectively. The men's program captured twelve of eighteen MASCAC titles before the championship was discontinued in 1990. The women's team won seven of thirteen league crowns prior to the women's championship ending in 1990.

Volleyball

Bette Bailey, who is in her 30th season as head coach of the women's volleyball program, directed SSC to back-to-back 20 win seasons in 1993 and 1994. Bailey, who is chairperson of the college's Sports, Fitness and Leisure studies major, has added nine MASCAC regular season titles and two MASCAC postseason tournament championships to her coaching record which includes 319 victories. Bailey led SSC to six straight league titles from 1977 through 1983. Her 1978 team captured the Massachusetts Intercollegiate Association for Women volleyball crown.

Salem State Athletics & Its Head Coaches: A Winning Combination

The Salem State intercollegiate athletic program has evolved over the past two decades into a powerhouse within the Massachusetts State College Athletic Conference (MASCAC) with the majority of its 20 sports capturing league and/or regional titles. SSC even lays claim to a national championship won by the 1985-86 women's basketball team.

There's no question the student athletes who perform during the games and competitions are the ones who ultimately determine the outcome on the scoreboard. However, coaching is the driving force which each program relies on for its direction, preparation, and road to success. Each coach must possess many different characteristics and qualities and apply a wealth of knowledge and understanding for teams to be successful. This person must take a group of student/athletes and mold it into a single unit, all striving toward a common goal.

Salem State College has been extremely fortunate in attracting quality head coaches who have been major "players" in helping the intercollegiate athletic program reach new heights among the nation's elite NCAA Division 3 institutions.

Athletic Director John Galaris, who took over as AD at SSC in 1981, feels the College's intercollegiate athletic success is a reflection of the quality and dedication of the coaching staff.

"There's no doubting the fact that a solid coaching staff is the base for a program's success. Success, not only in terms of winning and losing, but success in how a program operates on an overall basis. A program cannot just think wins and losses. It must be concerned with academics first and athletics second. We do not let our programs get carried away with winning. We have won so much over the past two decades that success has become part of the athletic tradition of the College. We win because of the attention paid to detail and everyone working toward a common goal. We want our student/athletes, coaches, college community, and supporters of our programs to enjoy the spirit of competition and come away with positive experiences."

"In terms of the half dozen head coaches who have each amassed a total of over 300 victories, their successes have not only helped their programs flourish, they have vaulted the entire program to another level. Respect is not easy to earn. Our entire coaching staff - from our veteran coaches to the newer ones - is solid. The student/athletes are the beneficiary's of the guidance of these coaches."
